# PRENTICE TRAINER

## Specialist Recruitment Services

Prentice Trainer is a specialist pharmaceutical, medical equipment and animal health (veterinary field) recruiter, providing permanent placement, contract management and search and selection services for companies of all sizes, across the UK and Europe.

Our aim is to be your preferred recruitment partner.

### Developing relationships, growing partnerships

We believe that relationships are the key to quality recruitment services.

Our Director-led management approach delivers 1:1 service and contact – which means you deal with our Directors, every time.

But that's not what makes us different...

With 20 plus years of being the candidate and then the client – as recruiting managers – Prentice Trainer has a unique insight into the pharmaceutical and healthcare industries and what it takes to succeed – **on both sides.**

### Building successful teams

We deliver effective solutions that add value to your organisation by providing the right candidates, based on our unique understanding of your market, your company and the needs of the job.

These solutions are tailored to you, which means we can be as in-depth at interview as you need us to be.

We understand that recruitment timelines can be tight so you'll have direct contact with us at all times, by phone and email.

We only ever present the best candidates for the position. That's why our ratio of CV's to placement is so high and our reputation for matching candidates to the job specification is so strong.

My experience of Prentice Trainer is built on trust and their ability to deliver quality candidates. In filling contract placements excellent communication with client and contractor is essential and that has been my experience.

They took a comprehensive candidate brief and delivered exactly to my specification, this meant that the candidates actually delivered in the role as I anticipated. I would recommend Prentice Trainer to anyone who isn't just looking for the standard, run of the mill, candidate.

**Commercial Director, IS Pharma**

My entire tenure with Prentice Trainer has been very positive and the level of service has been excellent. I found the whole process easy and simple to work within and was very happy throughout my contract. This type of experience would suit experienced pharmaceutical professionals and I'm confident that due to the lack of 'red tape', most would find it refreshing.

**D Rowe, Contractor**

### Developing successful careers

At Prentice Trainer, our role is to help you. We know how difficult it is to find the right job.

We'll work with you, support you and help you develop your career in the right direction.

We'll match your skills, experience, personal qualities and career objectives to positions that best meet your needs.

You'll have a dedicated contact who will advise and support you at all times, who will discuss the vacancies we feel are the best fit for you – and the client-company – and suggest ways to help develop your skills.

We'll discuss these positions with you, briefing you fully on the role and the company and we'll ask your permission to present your details to our client.

We'll coach, support and advise you in advance of the client interview and will follow-up with timely and comprehensive feedback.

**That's the business we're in.**

### Supporting successful companies

Prentice Trainer provides Permanent Placement, Search & Selection and Contract Management services to clients.

With extensive recruitment experience and excellent relationships within pharmaceutical sales, medical equipment and healthcare sales, clinical research, training and marketing, we are already a preferred recruitment partner within these sectors. We understand what it takes to support successful companies.

### Contract Management

If you are looking for a contract position in the pharmaceutical, medical equipment or animal healthcare sectors, or are a client looking for temporary contract support, we can help you.

Prentice Trainer employs – and is responsible for – the ongoing administration of every contractor, including the provision of a car, phone, administration of expenses, holiday and sick leave management. Our contract placement package is as competitive as any in the industry.

Contracts are set up and run to our clients' requirements, ensuring at all times that both parties are fulfilling their obligations.

If we sound like the kind of company you would like to work with, call Colin or Darren on 01357 521886 or email [info@prenticetrainer.com](mailto:info@prenticetrainer.com)

We look forward to helping you.
